DETAILED ACTION

Election/Restrictions

1. Applicant has elected the species shown in Figs. 4 and 5 to claims 1-3 without traverse in the election filed September 5, 2006. Claims 1-8 have been considered on the merits below, since they all concern the common feature of a private imaging operation at the time of imaging operation, which is the primary reason why the claims have been found to contain allowable subject matter. Claims 9-34 have been withdrawn from consideration as drawn to a non-elected invention.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claim 8 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. Claim 8 is a single means claim, the single means being an electronic camera. Such claims are unduly broad, since they cover every conceivable means for achieving the stated purpose and the disclosure only discloses those means known to the inventor. See MPEP 2164.08(a).

Allowable Subject Matter

4. Claims 1-7 are allowed.

REASONS FOR ALLOWANCE

Art Unit: 2851

5. The following is an examiner's statement of reasons for allowance: The primary reason for allowance of the claims is the claim limitation for recorded private information at the time of imaging operation, in combination with all the other claim limitations in total.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
